

I support & benefit from XM Instant Traffic & Weather. I can find out what is happening in the place I am travelling to. Satellite radio provides variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I want and deserve.
